圖五、進階檢索

Boolean Search 指令檢索

從下拉選單中選擇欲查詢的欄位，選擇後系統會自動將欄位代碼輸入至空白欄位中，之後輸入欲檢索查詢的檢索辭彙。

若要結合兩個以上的檢索辭彙，請利用 AND、OR、ANDNOT 來查詢。例如：au=tom clancy and py=1998。

Boolean Search

Construct your boolean search by using the search criteria found in the drop down box below. Use AND, OR, and ANDNOT to refine your search. See rules and examples below.

Rules:

- ▶ When searching by author name, use **First name Last name**. Why? **Last name, First name** will require the use of quotation marks. ex: **au="clancy, tom"**
- ▶ When the search terms contain: commas, apostrophes, wildcards, or the words OR, AND, or NOT, place quotation marks around the search term. ex: **ti="To have & have not"**

Query Examples:

- ▶ A search on **au=tom clancy and kw=danger** will bring up *Clear & Present Danger* by Tom Clancy.
- ▶ A search on **au=charles dickens or au=anthony trollope** will bring up all books by Charles Dickens and Anthony Trollope.
- ▶ A search on **su=mystery andnot au=agatha christie** will bring up all mystery books except those written by Agatha Christie.
- ▶ Using "\$" as the wild card, a search on **su="medic\$" and kw="wom\$"** will bring up titles about women and medicine or medical issues.

Synopsis/Annotation:	In this long-awaited first volume of a planned trilogy, the most acclaimed and revered living Nobel laureate begins to tell us the story of his life. Like all his work, <i>Living to Tell the Tale</i> is a magnificent piece of writing. It spans Gabriel García Márquez's life from his birth in 1927 through the start of his career as a writer to the moment in the 1950s when he proposed to the woman who would become his wife. It has the shape, the quality, and the vividness of a conversation with the reader—a tale of people, places, and events as they occur to him: the colorful stories of his eccentric family members; the great influence of his mother and maternal grandfather; his consuming career in journalism, and the friends and mentors who encouraged him; the myths and mysteries of his beloved Colombia; personal details, undisclosed until now, that would appear later, transmuted and transposed, in his fiction; and, above all, his fervent desire to become a writer. And, as in his fiction, the narrator here is an inspired observer of the physical world, able to make clear the emotions and passions that lie at the heart of a life—in this instance, his own. <i>Living to Tell the Tale</i> is a radiant, powerful, and beguiling memoir that gives us the formation of Gabriel García Márquez as a writer and as a man. "Gabriel García Márquez's memoir—the first volume of a projected trilogy—is as spellbinding as his legendary works of fiction. <i>Living to Tell the Tale</i> covers the author's life from his birth in 1927 to the moment in the 1950s when he proposed to his wife. Along the way García Márquez creates a shimmering evocation of his childhood home of Aracataca, Colombia, which inspired the fictional world of Macondo; portraits of his large and ebulliently eccentric family; and a shrewd assessment of the forces that turned him into a writer and the friends who sustained him as he became one. Warm, revealing, abounding in images so vivid that they take over the reader's memory, <i>Living to Tell the Tale</i> is a work of sheer enchantment."
